

**On April 30th take 2 minutes
to tell your MPP:**

**We need a Long-Term Affordable
Housing Strategy that works!**

The Ontario government says they will release their new Housing Strategy in June.

****Email or call your MPP on Friday, April 30th**

****Say you expect bold action to address our housing crisis. We need:**

- Annual funding to build 10,000 affordable homes a year and for ongoing maintenance;
- A new Housing Benefit to close the gap between high rents and low-incomes;
- A plan that works for marginalized communities;
- Legislative changes to better protect tenants and to promote affordable housing;
- Accountability from government to meet their promises.

Visit **www.stableandaffordable.com** for more information about the Housing Network of Ontario's '5 Tests for Success' for a long-term affordable housing strategy.
